

# Campus Utility Mapping Community

# Welcome!

- Goals
- Needs
- Communication
- Format of Future Meetings
- Future Topics

# Why???

- How...
  - to migrate?
- What...
  - data model?
  - capabilities do I need?
- Who...
  - can help?
  - else has done it?

*"mobile maps"*

# Goal

For university staff that are responsible for mapping/managing utility data to have:

- A forum for sharing best practices, ideas, and problems
- Direct communication with Esri related to product needs/gaps

# Needs?

Everyone loves surveys!

We'll take 5 minutes to complete the survey and then review/discuss the results.

All results are anonymous

**Campus Utility Mapping Community**

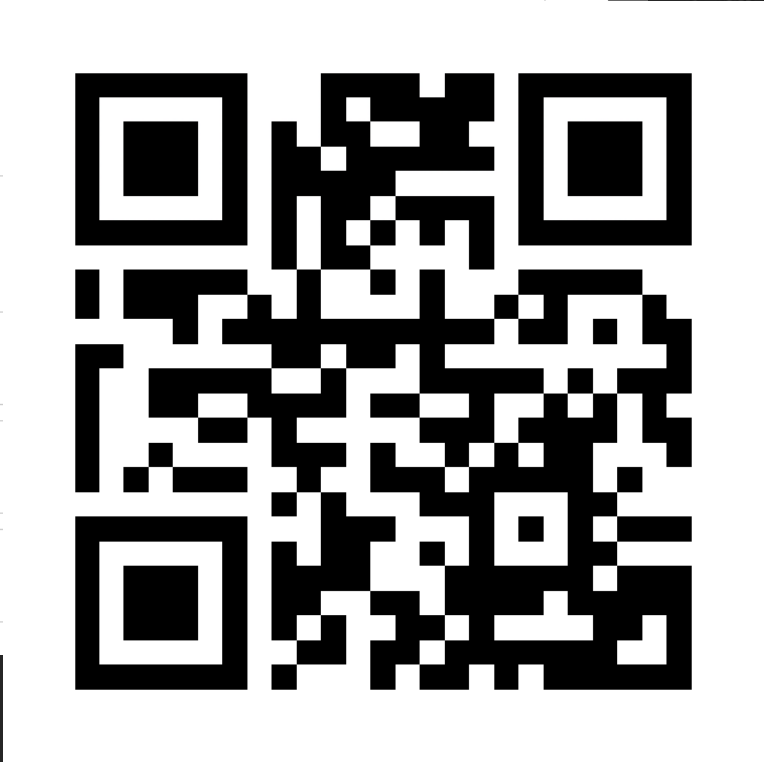

**Why are you interested in this group/community?\***  
What do you hope to get out of participating?

**How often should we meet?\***

Monthly

Every other month

Quarterly

# Communication

- What is the best forum for connecting users, on-going communication, blogs, articles, documentation, etc?
  - E-mail list-serv?
  - Esri Community Group?
    - There are currently industry groups for
      - Electric
      - Gas and Pipeline
      - Water Utilities
      - District Heating & Cooling
      - Telecommunications

# Format of Future Meetings

- Review of Goals/Purpose (for new participants) - 2 min.
- Featured presenter (university) - 15 min.
- Presenter Q&A - 10 min.
- News/Updates (Brian) - 5 min.
- Open Q&A - 15 min.

# Future Topics

- Ideas for future topics or presenters?
- What would be useful to see discussed?
