

Special Message for Defense Users

We look forward to seeing you at the 2020 Federal GIS Conference. We have highlighted a few key resources activities and workshops to maximize your impact during the conference.

In addition to the activities in DC this week, we also want to encourage you to attend the Esri Intelligence Community User Symposium on February 13 at NGA Campus East (NCE) in Springfield, VA. Attend this special session to learn from your peers how ArcGIS Enterprise solutions leverage advanced methodologies, innovative tools, and configurable applications to support real-world defense and intelligence missions. To register and get more details visit: <https://go.esri.com/EsriClassified2020> (New registrations close 1/31/20)
