We are live on stage!

Many thanks to geoawesomeness!

#geodev

Agenda

-  1 Meet & Greet
-  2 Lightning Talks
-  3 Social

Esri

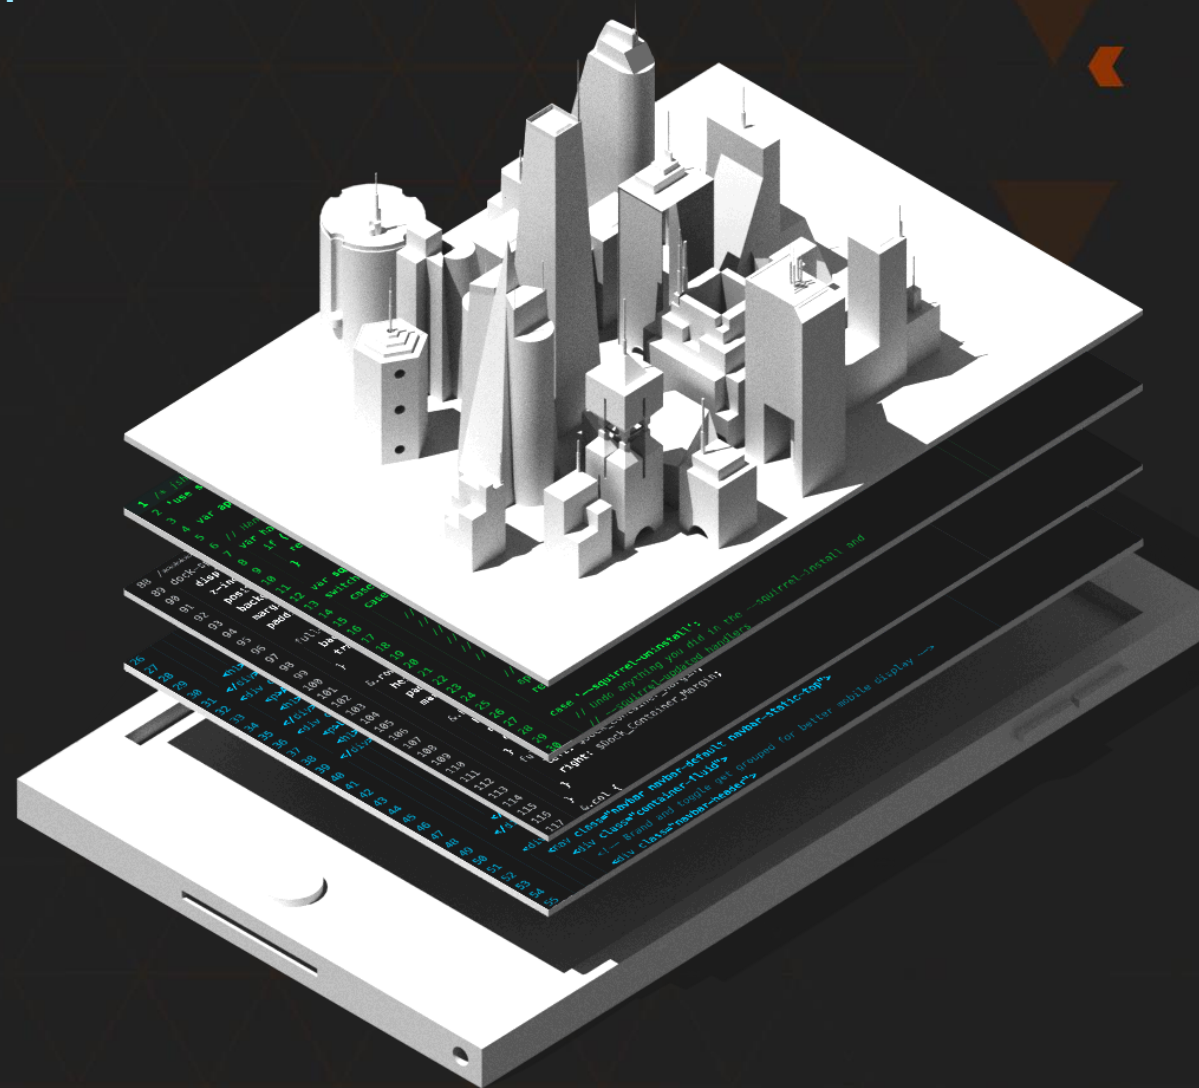

www.esri.com

- **Global Market Leader for Geographic Information Systems**
- **150.000 Customers with 1 Mio. Users**
- **80+ Distributors**
- **2.300 Partner**
- **www.esri.com**

Our Business? Mapping and Location

www.esri.com/about-esri

ArcGIS for Developers

developers.arcgis.com

ArcGIS for Developers

Bring the power of location to your apps with ArcGIS – a mapping platform accessible to developers. Create and manage geospatial apps regardless of your developer experience. Build web, mobile, and desktops apps that incorporate mapping, visualization, analysis, and more.

[JavaScript API](#) ▾

Building Apps

Extending the Platform

Accessing Content & Services

Esri Startup Program

developers.arcgis.com/startups

Esri Startup Program

A free three year program that gives emerging businesses the tools to build mapping and location analytics capabilities into their products. Qualifying startups receive online services, software, training and support, content, and other opportunities to help them succeed.

Program Benefits

Online Services & Software

We provide you the tools to add powerful maps, routing capabilities, location analytics and more for your product and organization.

Support & Training

We enable you with an entire suite of training and support options, giving you access to our detailed knowledge base, documentations, blogs, forums and more.

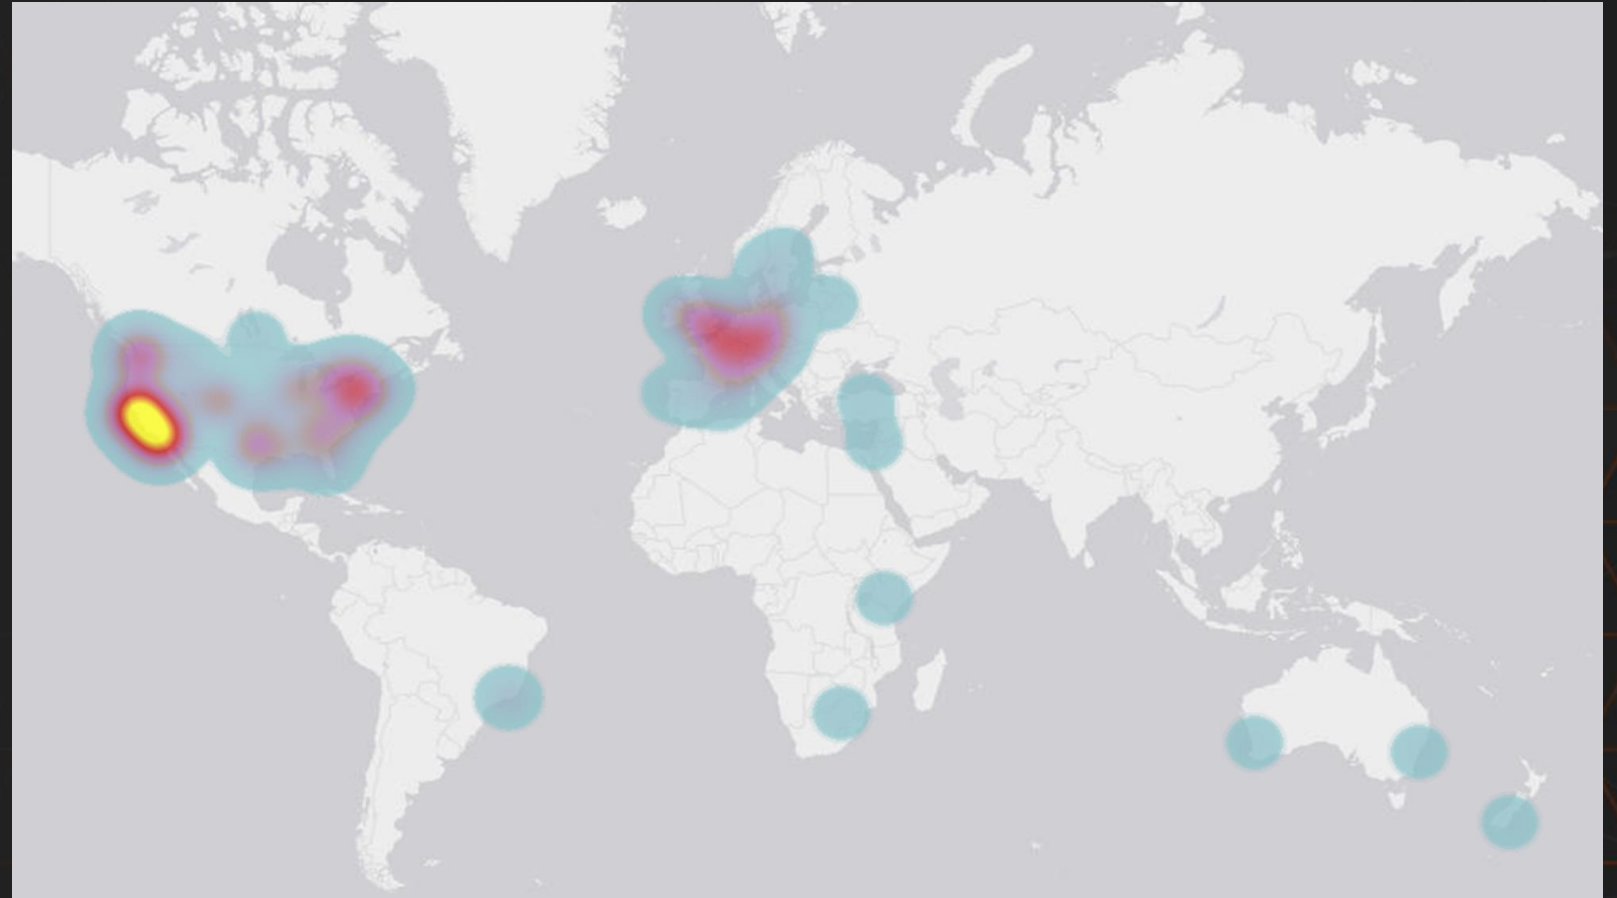

Community & Co-Marketing

We support you with a variety of opportunities to help you grow. Take advantage of free event passes, co-marketing, and relationship building with market leaders in technology.

Global Startup Metrics

- 300+ startups
- 30% international
- 40% integration ratio

Lightning Talks

Josef Schindler, TerraLoupe: "Large scale 3D geo data analysis"

Abhishek Manandhar, Building Radar: "Satellite Supported Search Engine for Construction Leads"

Christine Wiltawsky, Esri: "What is possible with the ArcGIS JavaScript API 4.0"
