Process

A magnifying glass with a gold-colored frame is positioned over a document. The lens is centered on the text "Focus on business!". The text is in a bold, black, sans-serif font. The background text is blurred but legible, appearing to be a list of business-related items or a checklist. The lighting is soft, and the overall tone is professional and focused.

Training Planning & Process

Create an actionable plan to build and institutionalize the workforce capabilities needed to achieve your strategic objectives.

Address Strategy

Document the alignment of your GIS program and workforce roles with your organization's mission and objectives.

Achieve Objectives

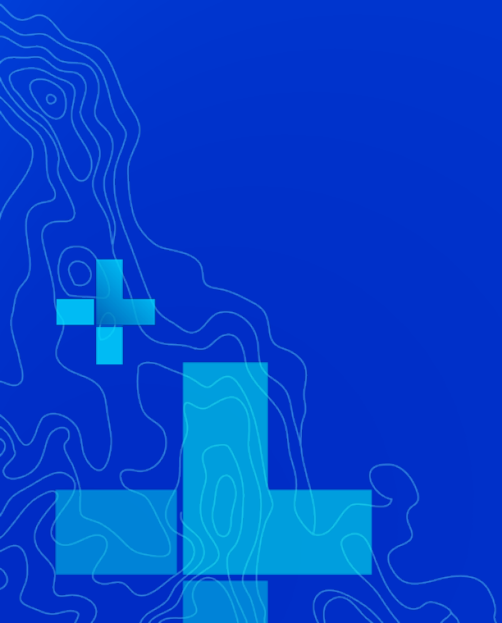

Analyze Resources

Evaluate options to develop the skills and knowledge needed to successfully perform each workforce role.
