Implementing ArcGIS Track at UC

The User Conference has many presentations and events with hundreds of topics covered. To help you find your way to all the sessions and events about Implementing ArcGIS successfully, we have prepared a more focused agenda.

Guiding Your Geospatial Journey – Expo Area

Tuesday, July 9   8:00 AM–5:00 PM
Wednesday, July 10   8:00 AM–5:00 PM
Thursday, July 11   8:00 AM–3:00 PM
Ground Level Exhibit Hall A, SDCC

The Guiding Your Geospatial Journey area provides your chance to connect directly with Esri experts who work with thousands of organizations to successfully implement ArcGIS. Our teams are here to guide you in a variety of topics relevant to strategy & planning, architecture, data management, configuring & developing, workforce development, and operational support.

- Connect 1-on-1 with an expert on best practices and emerging topics, or to share ideas.

- Take part in quick activities focused on your business, that will leave you with valuable insights and take-aways.

- Collaborate with multiple experts in group discussions and discover new approaches to your geospatial journey.

- Draw inspiration from Implementing ArcGIS spotlight talks, 15-minute close-up presentations by Esri subject-matter experts and thought leaders.

Regardless of how you spend your time, walk away with guidance, key information and resources to move forward in your journey and get the results you need for your organization.
