Sharpening your skills with e-Learning

Michael Green

Agenda

- Types of Approaches
- E-Learning formats
- Other Considerations

Types of approaches

- Task Based Learning
 - Very Focused topics
 - Usually one or two items can help you move forward
 - Use the filters in your search

Types of approaches

- Project needs
 - Use Learning Plans
 - Use filters to identify the technology you will use

Types of approaches

- Expanding your knowledge of the platform
 - Use Wish List
 - Technology based searches
 - Learning plans
 - New courses

Types of approaches

- Preparing for Esri Technical Certifications
 - Identify knowledge areas that you need to sharpen
 - Leverage e-Learning

E-Learning formats

- Web Courses
- Training seminars
- MOOCs
- Videos
- Tutorials
- Other
 - Books
 - Documents
 - Instructor Resources

When do you consider Instructor Led options

- Complete workflows
- Combining components of the platform
- Instructors can match skill levels of the students and professional interests of the students
- Include collaborative exercises to elicit new ideas among students

How to get connected

- Contact your administrator
- Request contact from the website
