Land Records Meetup
Thursday, July 23, 12:00 PM - 1:00 PM, ROOM 31 B

Visit the Mapping and Statistics area in the National Government Showcase to see GIS solutions for international solutions for Land Administration. The Showcase will feature Topographic Mapping, Maritime, Aviation, Cadastre, Land Administration, Statistics, and Nation GIS/NSDI solutions. These applications are deployed using Internet, servers, PCs and handheld devices. You can interact with Esri experts and meet GIS users from national government agencies and see demonstrations of their work.

The State, Local, and Provincial Government Island is your one stop shop to learn about how GIS helps you build a smarter land record system. Esri's helpful staff will be available to help you build a plan that will make your organization more transparent, efficient, productive, and collaborative. Our goal is to help you address challenges, identify solutions that meet your organizational goals and discuss best practices.

In the State, Local, and Provincial Island and the Mapping and Statistics Showcase you can learn about emerging trends in land administration and how GIS is helping you meet the needs of your citizens and your organization.

The State, Local, and Provincial Government Island is a great place to:

- Share your story
- Learn from your peers
- See what's new in GIS for government
- Build GIS plans for your organization
- Meet Esri staff

Join us at UC and let us help you build a smarter and more efficient organization.
