 March 10, 2014
 1 inch = 75 feet

Maps made available to the public by the City are not legally recorded maps nor surveys and are not intended to be as such.

The maps are compiled to the best accuracy possible based on a variety of source data. They are intended for graphic display and general planning purposes.

To assist the City of Richmond in the maintenance of Parcel Maps, users are encouraged to report information concerning errors or discrepancies found in using the maps.
