# Official Statistics & Census Events and Activities

The Esri User Conference (Esri UC) has many presentations and events with hundreds of topics covered. To help you find your way to the Official Statistics & Census sessions and events, we have prepared a more focused agenda.

## Official Statistics & Census at the Mapping and Statistics Showcase

Tuesday, July 11 9:00 AM–6:00 PM  
Wednesday, July 12 9:00 AM–6:00 PM  
Thursday, July 13 9:00 AM–4:00 PM

Ground Level Exhibit Hall A, San Diego Convention Center (SDCC)

Visit the Official Statistics & Census Showcase to see geographic information system (GIS) solutions for census and survey, data science, and more. At Esri, we believe that GIS is a critical tool to enable organizations to make the world a better place. When integrating GIS and Statistics we can make better decisions on how and where to provide services to citizens, improve equitable outcomes or maximize the impact of limited resources to affect people, planet, prosperity, and peace.
