

July Meeting

7/18/2018

AGENDA

1. Announcements
2. Esri UC Lessons Learned
3. Esri Updates & Demos
4. Presentation: R&H Implementation - Idaho DOT

**** Please mute phones!! ****

ANNOUNCEMENTS

- Breakout Groups
 - Setting a vision/goals
 - Call for participants
- Enhancement Requests
- 3rd Party Tools

ESRI UC Lessons Learned

Patrick Whiteford

ESRI UC Lessons Learned

- UC Themes
 - Self-driving vehicles

Easter morning 1900: 5th Ave, New York City. Spot the automobile.

ESRI UC Lessons Learned

- UC Themes
 - Self-driving vehicles
 - Safety data

ESRI UC Lessons Learned

- UC Themes
 - Self-driving vehicles
 - Safety data
 - Data Governance

ESRI UC Lessons Learned

- UC Themes
 - Self-driving vehicles
 - Safety data
 - Data Governance
 - Performance management

ESRI UC Lessons Learned

- UC Themes
 - Self-driving vehicles
 - Safety data
 - Data Governance
 - Performance management
 - Data lakes architecture

ESRI UC Lessons Learned

- UC Themes
 - Self-driving vehicles
 - Safety data
 - Data Governance
 - Performance management
 - Data lakes architecture
- What did I learn
 - Insights
 - ArcGIS Pro functionality

Esri Updates/Demos

Nathan Easley

1. Presentation: R&H

Implementation - Idaho DOT

Margaret Pridmore

Upcoming Meetings / Contacts

Wednesday, August 8, 2018

Mark Sarmiento mark.sarmiento@dot.gov

Product Team Update (RHUG meeting 7/18/18)

Capabilities currently under development

- Multi-field (concatenated) Route ID support in ArcGIS Pro
- Conflict Prevention migration to ArcGIS Pro

Support Incidents/Defects

- **10.6.1 list of issues fixed (<https://support.esri.com/en/download/7631>)**
- **BUG-000114455 - Route length and calibration measure field derived from it differ from M value of last route vertex in the 7th decimal place (behavior is by design and difference is within tolerance)**
- **BUG-000110740 - The Update Intersection Points tool does not update some intersection points with the correct measures (fixed in 10.6.1)**
- **BUG-000115036 - Line events created on a redline in Event Editor get "Route measures are null" after creating the route and applying updates in ArcMap (still investigating)**
- **BUG-000115339 - Make Feature Layer on a layer that participates in the ALRS ignores the SQL Expression set in the script (still investigating)**
- **BUG-000110952 - Windows 7 clients may be slow if the connection file does not match layer information (core issue)**

Documentation Updates/Training Opportunities

Documentation

- Roads and Highways Desktop/Server online help updates this month when 10.6.1 releases

Training

- No opportunities at this time
