Esri Telecom @ IMGIS

Your personal guide for the Telecom Industry at IMGIS

We are excited to welcome you to the Esri Infrastructure Management & GIS Conference! The IMGIS Conference is cross-over event with integrated content, bringing together GIS professionals specializing in the management of infrastructure from across several interconnected industry segments – Telecom, Electric, Gas & Pipeline, Water, Transportation, and AEC. This conference will provide users from infrastructure sectors with a unique opportunity to learn and share within their collective community at the largest GIS infrastructure conference in the world.

To help direct you through the conference we created this simple guide to highlight focused sessions for the Telecom Industry, including user presentations, technical workshops with live Q&A sessions, industry presentations, and on-demand content. Click here to view the full agenda.

Health and Safety

Esri is committed to protecting the health and safety of our attendees, exhibitors, employees, and presenters. All attendees, exhibitors, presenters, and Esri employees at this event are required to provide proof of a negative result from a COVID-19 test taken within 48 hours prior to attending the event. Individuals who are unable or unwilling to provide proof of a negative COVID-19 test result must verify that they have been fully vaccinated against COVID-19. The event will implement a third-party application for verification of both vaccination and negative test results. Read the guidelines here.
