

## Cara membuat Akun Geonet untuk memasukan konten di ArcNesia

1. Masuk ke halaman ArcNesia <https://community.esri.com/groups/arcnesia> pilih *sign in* atau *log in*

The screenshot shows the ArcNesia community page. At the top, there is a navigation bar with the Esri logo and links for Products, Solutions, Support & Services, News, and About. A search icon and a 'Sign In' button are highlighted with a yellow box. Below this is the GeoNet banner with 'The Esri Community' logo and a 'Log in' button also highlighted with a yellow box. The main header features the ArcNesia logo and a navigation menu with links for Overview, Activity, Content, People, and Calendar. Below the header, there is a section for 'Selamat Datang di Grup ArcNesia' with a brief description. To the right, there is a 'FEATURED CONTENT' section with a post titled 'Putting out fires using real-time data' and an 'ASK ARCNESIA' section with a search box for questions.

2. Sign in atau log in dengan akun ArcGIS Online atau ArcGIS Enterprise anda atau dengan membuat public account menggunakan Github, Facebook, atau Google Account anda

The screenshot shows the 'Sign in with' form on the ArcNesia page. The form is titled 'Sign in with' and features the Esri logo. It is divided into two main sections: 'ArcGIS login' and 'Enterprise login'. The 'ArcGIS login' section includes a 'Username' field, a 'Password' field, a 'Keep me signed in' checkbox, a 'Sign In' button, and a 'Cancel' button. Below these fields are links for 'Forgot username?' and 'Forgot password?'. The 'Enterprise login' section includes three social media login options: GitHub, Facebook, and Google. At the bottom of the form, there is a link for 'No account? Create a public account.' and a 'Privacy' link.

3. Masuk ke bagian create public account untuk yang belum memiliki akun. Public account merupakan akun gratis untuk penggunaan personal dan non komersial.

An ArcGIS public account is a free account designed for personal, non-commercial use. With a public account you can:

- Create, store, and manage maps, scenes, layers, apps, and other geospatial content.
- Share content with others.
- Access content shared by Esri and GIS users around the world.

## 6. Agree untuk menjadi bagian dari Geonet dan ArcNesia

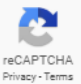

Thank you for your interest in joining the GeoNet community. GeoNet is where the Esri Community—customers, partners, Esri staff, and others in the GIS and geospatial professional community—connect, collaborate and share experiences, data and information.

When joining the community, we will send your personal information to our vendor to create an account and profile for you within the community that is tied to your Esri Account. Information and data you post into the community will be associated with you and available to everyone. Learn more about [privacy at Esri](#) and read Esri's [privacy statement](#).

Prior to joining the community, we require your agreement to the above and consent to our [GeoNet Terms of Use](#).

I agree to join the community and to have my personal information sent to Esri's vendors who support the community.

I agree to Esri's [GeoNet Terms of Use](#).

7. Anda akan masuk dalam halaman ini, sembari menunggu, anda dapat mengeksplor kegiatan-kegiatan di Geonet dan ArcNesia. Pada Geonet anda dapat melakukan banyak hal yang menarik, contoh Anda bisa berkontribusi didalamnya, mengikuti perlombaan lainnya, terlibat dalam diskusi, bahkan membuat suatu ide mengenai inovasi ArcGIS yang bisa disalurkan untuk pengembangan ArcGIS (seringkali diterima dan diterapkan).

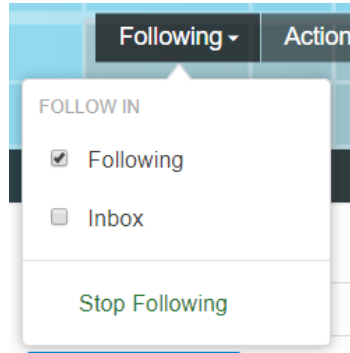

**Anda dapat mengeksplor setiap fitur pada halaman ini**

**<https://community.esri.com/community/help-and-feedback/pages/geonet-tools-resources>**

A moderator will review your request to join the GeoNet community shortly. In the meantime feel free to explore the [community](#) (Note: By clicking [this link all Esri Account sessions will be logged out](#)). You will be able to contribute once your account has been approved. If you need assistance with your request, please [Contact Us](#).

8. Setelah diterima review dari admin melalui email, anda sudah bisa membuat blog post untuk kompetisi ini ataupun melakukan hal-hal lain seperti bertanya pertanyaan, membuat diskusi, mengunggah file, kolaborasi dokumen, membuat poll, mengirimkan pesan, bahkan memasukkan idea mengenai inovasi ArcGIS yang perlu dilakukan. Jangan lupa untuk follow ArcNesia.

9. Panduan untuk membuat blog post dapat diakses melalui link ini atau dalam dokumen yang dilampirkan <https://community.esri.com/docs/DOC-1299-creating-blog-posts>
10. Blog post harus menjelaskan aktivitas pemetaan dalam membuat peta, web map, atau web app dengan menggunakan ArcGIS platform seperti tutorial atau tips and trick (meliputi media gambar dan/atau video) yang menjelaskan beberapa hal sebagai berikut (d disesuaikan saja, tidak harus berbentuk poin-poin berurutan) :
  - Latar belakang permasalahan
  - Tujuan
  - Produk Esri yang digunakan
  - Data yang digunakan
  - Step-step yang dilakukan sehingga orang lain dapat mengikutinya (dapat dalam bentuk tutorial ataupun *tips and trick*)
  - Apa yang membuatnya menarik
  - Kesimpulan
11. Jangan lupa untuk publish di ArcNesia serta melampirkan tag Blog Post yaitu **#ArcNesiaCommunityChallenge #ArcNesia #ArcGIS #EsriIndonesia**
